February 2026

## PRESIDENT'S MESSAGE

As we step into February, I'm reminded once again how much heart and dedication fuels the Dog Training Club of St. Petersburg. We are a volunteer-driven community, and every class taught, ring set up, hour worked in the office, and new member welcomed happens because of people who genuinely care about dogs and each other. Classes and events are what keep our lights on and benefit us all. Please help where you are able. This month, I want to extend my gratitude to everyone who continues to show up—whether you're training, teaching, trialing, or quietly helping behind the scenes. Let's carry that energy and spirit forward as we prepare for a busy spring season and continue building a place where teamwork, learning, having fun and wagging tails always come first.

"Dogs are not our whole life, but they make our lives whole." – Roger Caras

MARDY HORNSBY & JASPER at SW Trial at Sun Splash Water Park

Saturday January 31 was a cold, blustery, rainy and very windy afternoon of Scent Work at the Sun Splash Water Park in Cape Coral, FL. Jasper worked hard, and made me work hard too, for his first two Q's in Master Interior, landing in first and second place. There were so many distractions, but he kept focused enough to also Q in the Exterior and Container elements at Master level, which were both held outside in the elements. Jasper is my first sport dog, and I'm so proud of his accomplishments in Scent Work!

L-R: STELLA, SWAGGER, DEANO With IPOC UKC Nosework Ribbons All 3 Pup's were entered in January at Iloc for their UKC Nosework trial in January 2026. Heart-Song's Under The Stars Of Foxwarren, Stella, earned her first qualifying leg in Advanced Vehicle,

new UKC title in Advanced Exterior, and Advanced Container. Heart-Song's The Star Of The Show Of Foxwarren, Swagger, earned his first qualifying leg in Superior Vehicle with a 1st Place, New UKC title in Superior Interior with a 1st Place and 1st & 2nd Place in Master Exterior getting his UKC title. Heart-Song's The King Of Cool, Deano, earned his UKC Exterior Elite title with two 1st Places, and his first qualifying leg in Master Interior with a 1st Place. Not many UKC venues in our area so we try to attend when we can. Thank you IPOC for hosting this trial, we always enjoy it.

### DTCSPP CLUB T-SHIRTS

Perhaps you've seen the new club shirts worn by current instructors and assistants? These navy blue T-shirts don our new club logo on the back with the legacy triangle logo on the front left pocket.

We have about 15 extra shirts (both Women's VNeck and Unisex) remaining in various sizes that are available for purchase (\$15 for Club Members and \$20 for Non-Members). Inquire at the front desk to purchase a shirt. Also, if you had a shirt ordered for you that **you have not yet picked up, please make arrangements with Joan Weesies** ([jweesies@bellsouth.net](mailto:jweesies@bellsouth.net)) to get your shirt.

## FLYBALL NEWS

By Joan Weesies

The Tampa Bay Barkaneers participated in Celtic Mayhem's New Years Mayhem Flyball tournament on January 17-18. The team raced 4 teams on Saturday and 3 teams on Sunday. We have several nice brags to make:

- Elvis, owned by Elizabeth G: Flyball Dog Champion (FDCh) and Multibreed Dog Champion (MBDCh)
- Hattie, owned by Amber R: Flyball Dog Champion Silver (FDCh-S)
- Snipe, owned by Aubrey R: Flyball Master Excellent (FMX) and Multibreed Dog Champion Silver (MBDCh-S)
- Taco, owned by Gina C: Flyball Master (FM)

Congratulations to those owners and their dogs!

The Barkaneers are prepping to host our annual tournament in March called Shamrock Shipwreck on March 14-15 at the DTCSPP. Spectators are welcome any time but be sure to wear your St. Patrick's Day gear!

**Flyball Classes at the DTCSPP resume on March 5<sup>th</sup> at 7pm.** This class welcomes both intro and advanced flyball dogs. The class is open for registration through our website at [www.dtcspp.org/flyball](http://www.dtcspp.org/flyball)

**OUTSTANDING VOLUNTEER  
OF THE YEAR AWARD  
2025  
JOAN WEESIES**

**JOAN WEESIES with  
Outstanding Volunteer  
Of the Year Award**

DTCSP President Janice Smith named Joan Weesies, as Outstanding Volunteer of the Year, due to the gazillion hours she worked to organize and execute our DTCSP 70<sup>th</sup> Anniversary Open House, while still working her other normal duties, including Flyball Coordinator. Congratulations to Joan, and a Big Thank You for all you did and do for DTCSP!

Just a reminder that we have worked with our embroidery company to have our new logo setup for embroidery. The logo is a set size created for left chest placement. It's a dense, almost patch-like embroidery so it needs to remain small. Cost is \$12 to have the logo embroidered on your own apparel.

Embroidery Requests forms are available in the office. Please bring a check for \$12 made out to Robynn Modder, along with your item to be embroidered. You must select two colors for your logo (based on what compliments your shirt colors). All information is on the request forms. Don't forget that the prior two logos (Original Triangle and Round Paw) are also available for embroidery still.

**HONORABLE MENTION FOR  
OUTSTANDING VOLUNTEERS  
OF THE YEAR AWARD  
2025  
LISA BOUDREAU and  
LAURA MARKLEY**

**LISA BOUDREAU & SPICE**

DTCSP President, Janice Smith also recognized Lisa Boudreau and Laura Markley with Honorable Mention for Outstanding Volunteers of the Year, acknowledging their considerable contributions in the past year. Lisa took over DOCOF, was Obedience and Rally Coordinator and - Acting Training Director. Laura was commended for assuming office duties and implementing significant improvements. Congratulations to Lisa and Laura, and sincere thanks for everything you have done—and continue to do—for DTCSP!

## GULFPORT GET RESCUED VOLUNTEERS STILL NEEDED!

**22<sup>nd</sup> Annual  
Saturday 2/28/26**

Adoption Event  
Pet Friendly Shopping  
Street Festival \* Raffle Fun-Raiser  
Weiner Dog Derby  
Responsible Pet Care Education  
**3000 Beach Blvd., S., Gulfport, FL 33707**

Gulfport's Get Rescued Event is being held on Feb. 28, 2026, 3000 Beach Blvd. S., Gulfport, 10am - 5pm. There will be animal rescue organizations, many appearing with adoptable pets, to raise money and awareness for their causes. This is one of the top dog festivals in Pinellas County with hundreds of visitors in attendance. This is a very important event for us to be at so we can promote our club to many, many visitors. But we can't do it without our hard-working Volunteers!

DTCSPP will be setting up a table at the event to promote our club. We are still looking for people interested in volunteering, and helping work our club's table, in 2-hour shifts and assist with the Rally course lead (2-3 hrs.).

**TABLE HELP:** informing attendees about the club and all we have to offer

**RALLY COURSE LEAD (need to have Rally experience):** Encourage attendees to try the course and assist.

Volunteers need to wear a DTCSPP branded shirt.

Please Visit

<https://www.signupgenius.com/go/8050D4FADAC2CA64-62411072-gulfport> to sign up.

You need to bring water, a folding chair, and something to eat, just as you would if attending a trial. If you do want to bring your dog, you will need to bring your dog's crate, water bowl, treats, and supplies for them. Do be aware that it is a very extremely busy & loud event, with lots of kids. Your dog needs to be ok with that type of environment, and people & kid friendly.

Additionally, animal-related vendors, artists and crafters offer their wares to festival-goers. Pet related activities will include an adoptable pet parade, pet care education, pet services, a pet food and supplies drive, animal rescue groups free samples, training demos, a Bark-B-Que, food DJ music, and more. So - Please sign up to Promote our club or assist with the Rally Course Lead. When you aren't volunteering you can walk around & enjoy this great festival! Thank You for supporting **your club!**

## AUTOMATED EXTERNAL DEFIBRILLATOR (AED)

*By Cher Seddon*

An AED is a portable electronic device that automatically diagnoses the life-threatening cardiac arrhythmias of ventricular fibrillation and pulseless ventricular tachycardia. It can treat them through defibrillator (the application of electricity which stops the arrhythmia, allowing the heart to re-establish an effective rhythm. It's a safe and easy to use device that delivers a therapeutic electric shock to the heart as treatment for a victim in Sudden Cardiac Arrest (SCA). With simple audio and visual commands, AED's are designed to be simple to use for the layperson.

The use of AED's is taught in many first aid, certified first responder and basic life support (BLS) level cardiopulmonary resuscitation (CPR) classes. Unlike regular defibrillator an automated external defibrillator requires minimal training use. The AED makes it possible for more people to respond to a medical emergency where defibrillator is required. The portable version of the defibrillator was invented in the mid 1960's by Frank Partridge in Belfast, Northern Ireland. The DTCSPP's AED is located in Unit B on the wall near the office window.

**Before Using the AED:** These AED steps should be used when caring for a non-breathing child aged 8 or older who weighs more than 55 pounds, or an adult. After checking the scene and ensuring that the person needs help, you should ask a bystander to call 911 for help, then follow the steps below.

### How To Use an AED:

**First, power on the AED.** An AED can be used on an adult, child, or infant. Follow the AED prompts. Place the AED near the victim's head and power on the unit. Some models require you to push a button to turn it on, while others turn on automatically when you lift the lid. Visual & audio instructions are in the AED unit for you to follow.

**Second, apply the AED pads.** Open the person's shirt and wipe his or her bare chest dry. If the person is wearing any medication patches, you should use a gloved (if possible) hand to remove the patches before wiping the person's chest. Apply the pads to the chest according to the pads.

- Place one pad on the right side of the chest, just below the collarbone
- Place the other pad on the lower left side of the chest
- Connect the pads to the AED if they're not already connected

If there are two trained rescuers, one performs CPR while the other prepares the AED for use. The rescuer in charge of the AED will apply the pads around the hands of the person giving chest compressions. Do not stop CPR while the AED is being readied for use. The AED will prompt you to stop CPR when it is ready to analyze the heart rhythm.

## **AUTOMATED EXTERNAL DEFIBRILLATOR (AED)**

**(cont.)**

**Third, clear the victim and shock. It is critical that no one touches the victim or his clothing while the AED analyzes or delivers a shock.**

When prompted by the AED to deliver a shock:

- The AED user quickly looks up and down the entire victim to ensure no one is touching him and loudly states, "Everybody clear."
- The rescuer can now push the shock button.

Begin CPR after delivering the shock. Or, if no shock is advised, begin CPR. Perform 2 minutes (about 5 cycles) of CPR and continue to follow the AED's prompts. If you notice obvious signs of life, discontinue CPR and monitor breathing for any changes in condition.
